

Double Brush Type Automatic Floor Scrubber

Features:

With dual brushes PA860 is an easy-handling machine for large and medium area with low operating cost. This machine is self-propelled which can save cleaning workload greatly. The dual brushes enhance the cleaning efficiency and save the cost. Equipped with powerful electronic controlling system, scrubbing and drying functions can be operated easily. Due to the polyester water tank and rear control panel, the machine has lower sound level. Moving forward, backward and the brushes can be controlled by the operating handle.

4 maintenance free durable batteries and don't need manual maintenance

Perfect protection motor

Matching with filter screen to filter impurity

Double brush, more efficient cleaning

External water level display tube
Better grasp of clear water
