

## A7 Driving type automatic floor washing machine

### Performance characteristics:

Flexible operation of the driving washing machine, suitable for large and medium-sized site cleaning work, delicate and flexible, easy to operate. 60mm cleaning width and 130L large water tank are suitable for large and medium-sized site cleaning. Small turning diameter, optimal mobility in narrow area, small limitation in use area, suitable for more different working environment requirements.

### Performance Characteristic:

1. Easy to operate, convenient to train employees
2. Imported AMETEK water absorption motor
3. Italy AMER front drive strong and reliable power
4. British PG intelligent control system is easy to operate
5. Adjustable ground pressure system
6. Equipped with electronic brake system, Great care for security

### Performance advantages:

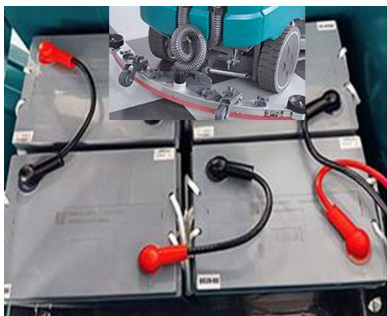

Italy AMER front drive strong and reliable power

British PG intelligent control system is easy to operate

Sewage tank equipped with water level sensor

Body large capacity 4 batteries long standby

Unique water absorption system Large body small decibel 58db

Adjustable ground pressure system Suitable for multiple venues
