## 3 Speed Air Dryer PD750

### Introduction

3 Speed Air Dryer PD750 is a high performance 3 speed dryer to dry carpet and ground quickly. Intelligent operation, simple and easy with wide application.

### Technical Data

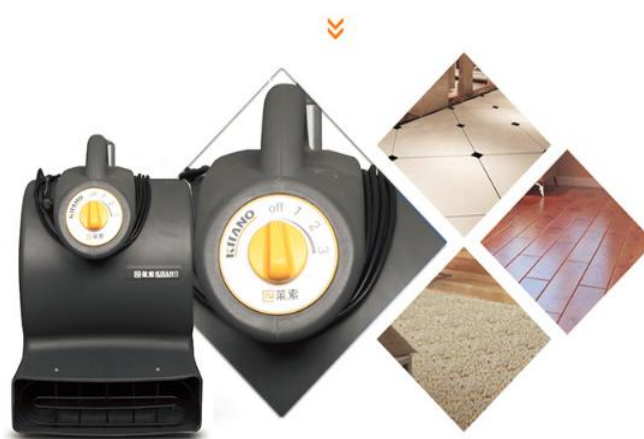

Model	Power (W)	Round Speed (r/min)	Air Flow (m3/min)	NW/GW (KG)	Measurement (mm)	Packing Size (mm)
PD750	750	1450/1350/1200	50	16.4/18.6	60.5*37.5*90	532*418*566

Gear 1	Low speed, more mute	900rpm
Gear 2	Medium air volume	1100rpm
Gear 3	High speed, more faster	1300rpm

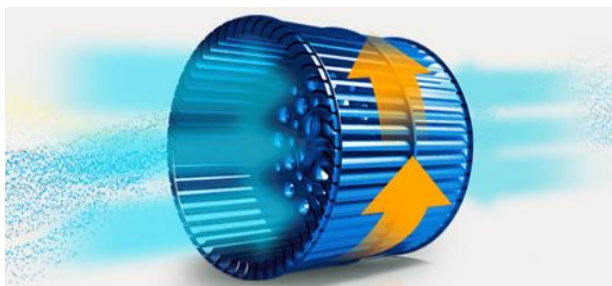

### Features

Small body, large air flow, avoid to be wet.

Three gear speed regulation, classified cleaning, using different gears according to different floor tiles, floors, carpets, etc

The pressure relief structure on the two sides of the fan blade is free of wind and air leakage,

Induction motor, lasting used, low loss, more durable It can use 2 years when

keeps the flow balance of the fan blades, reduces the vibration and noise of the whole machine, and obtains the higher wind volume with the same effect.

working 6hours per day.

Handle winding structure make full use of hand space

Double bearing rear wheel dry the ground effectively

Wide air blowing caliber large area drying ground

Multi-angle blowing, horizontal, inclined, vertical multi-angle blowing, concentrated air flow, quick drying

Portable design, easy to pick up, light and portable

Durable shell ABS engineering plastic, rugged and durable
