

## **Biggest electric ride-on floor scrubber**

### **Part I: Features of the ride on floor sweeper scrubber**

1. Super ground cleaning ability in seriously polluted industrial environment.
2. Equipped with disk washing, and the cleaning width is 1015 mm.
3. Clean water tank is 285L, and the sewage tank is 246L.
4. Equipped with powerful battery to work 7-8 hours in economic mode.
5. The sewage recovery system allows the ground to be basically dry and helps reduce slippage to accidents.

The specially designed mark-free drive wheel ensures that the washing car is close to the ground when turning to prevent skidding.

346L super large capacity sewage tank, convenient to clean, to meet the requirements of large area cleaning.

Electronic detection function, users can use the device very conveniently, and can detect the use of all functions at any time.

High pedal, convenient for users to clean sewage tank.

### **Part II: Introduction of the ride on floor sweeper scrubber**

P17 can show excellent floor cleaning ability in the heavily polluted industrial environment.

The cleaning width is 1015mm. The clean water capacity is 285l and the sewage tank capacity is 346l. Meanwhile, it is equipped with the battery with the largest capacity in the same kind of machine. It can work for 7-8 hours in the economic mode once charging.

One of the biggest floor scrubber in the market.

Applicable to supermarkets, warehouses, hospitals, sports centers, airports, parking lots, food industry and other occasions with high cleaning requirements and large area.

### Part III: Technical parameter

Item	Unit	A17
Battery / Voltage	V/AH	36/460
Cleaning width	mm	1015
Squeegee width	mm	1245
Cleaning efficiency	M2/h	7000-8800
Drive motor	W	1500
Brush motor	W	750*2
Suction motor	W	650*2
Lifting motor	W	100*2
Water tank capacity	L	285
Sewage tank capacity	L	346
Weight	Kg	1525
Size(length*width*height)	mm	2230*1240*1480
