

Medium Auto Rider Floor Scrubber PBA900

Product Introduction:

The battery-powered rider scrubber delivers maximized floor cleaning capacity in various industrial and commercial environments. It is compact and light duty, provides features of faster and better cleaning while saving money and increasing safety. The 36V battery power makes its maximum working time over 6 hours.

Features

1. Battery-powered rider scrubber delivers maximized floor cleaning capacity in various industrial and commercial environments.
2. It is compact and light duty, provides features of faster and better cleaning while saving money and increasing safety.
3. The 36V battery power makes its maximum working time over 6 hours.
4. Non-marking rear wheel is skip-proof to work steadily.
5. Suction motor is placed in the suction system with sound-absorbing material, safer and lower noise.

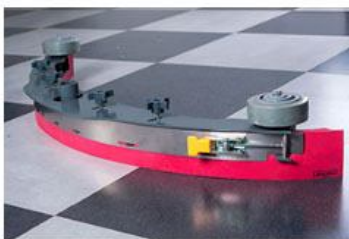

Front drive system with electronic brake, safe and reliable

The chassis of the whole vehicle is strong, heavy, solid and durable

Excellent imported water absorption system, more powerful

Six batteries give you super efficiency

The water inlet is in front, it's convenient for water injection
