

Industrial Floor Sweeper For Warehouse

Part I: Features of floor sweeper

The 980 hand-push double brush head sweeper is a new generation of sanitation and cleaning appliances.

- 1.The machine is exquisitely designed and unique in technology. The machine does not need any electromechanical power. It can be easily recycled to the garbage bin by pushing.
- 2.The front and rear brushes can be adjusted at any time according to the ground and garbage conditions to achieve the lowest reactive loss and the best cleaning effect.
3. The handrail is adjustable in motion, which can adapt to the needs of different heights of the user, and can be folded upright for storage, saving space and storing and transporting.
- 4.The machine has novel shape, convenient use, green environmental protection, energy saving and high efficiency. The cleaning efficiency is 4-6 times that of traditional manual broom.
- 5.The garbage bin is convenient to load and unload

Part II: Introduction of floor sweeper

The 980 hand-push double brush head sweeper is a new generation of sanitation and cleaning appliances.

The machine is exquisitely designed and unique in technology. The machine does not need any electrical machinery power. It can be easily recycled to the garbage bin by pushing. The front and rear brushes can be adjusted at any time according to the ground and garbage conditions to achieve the lowest reactive loss and the best cleaning effect. The handrail is adjustable in motion, which can adapt to the needs of different heights of the user, and can be folded upright for storage, saving space and storing ad transporting.

Add: No. 11 Changchun Road, Zhengzhou, China; Tel: +86-371-58651986, 15903873562

Part III: Technical parameter

Specification model	Model 980
Drive mode	Push-type, double-roller
Maximum work efficiency	3680m ² /h
Working width	980mm
Bucket capacity	40L
Color	Yellow and black
Weight	23.8kgs
Volume	1300X790X1035mm (using size)
	890X790X385mm (folding size)

Part IV: Our Company

Our company mainly provide cleaning machine for many years, and mainly provide Six Series Products. As follows:

- 1.High Pressure Washing Car
- 2.Hand Push Cleaning Machine And Driving Cleaning Machine
- 3.Carpet Cleaner Machine
4. Snow Cleaning Machine

The rational allocation of resources laid the foundation for the sustainable and harmonious development of enterprise, we'll continue to make progress and develop, do our best to build a clean world with the times!
