Super Low Noise Vacuum Cleaner PC9/16

Introduction

Super Low Noise Vacuum Cleaner PC9/16 is a high performance stable vacuum cleaner to collect dust for carpet. It is extremely low noise during operation, and has strong dust collecting ability.

Technical Data

Model	Power (W)	Suction (KPa)	Air Flow (m ² /min)	Cable Length (m)	Noise Level (db)	Capacity (L)	Measurement (mm)
PC9	900	22	12.8	8	55	9	420*345*365
PC16	1200	26	4	8	58	16	420*345*405

Application

Family

It can clean solid garbage, such as dust, cigarette butts, leaves, gravel, paper chips, glass fragments, etc.

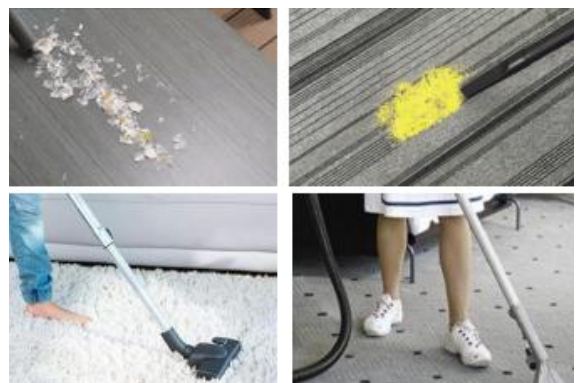

Hotel room and factory workshop

It can clean workshop debris, large pieces of waste without pressure dust, hotel room large area dust removal and decontamination.

For Car Use

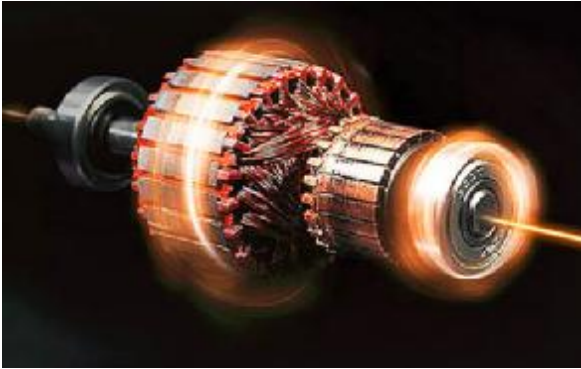

Clean car cushion, dead corner gap, or a trunk, etc., all can be solved by one machine.

Other Application

Clean glass, clean maize grains, wool carpet, fiber carpet and so on.

Features

German craftsmanship and High Efficient Motor
210Mbar vacuum degree, high efficient large caliber motor, big suction ability.

Large capacity
Strong and durable, there is no need for frequent dumping, cleaning is done at once.

35mm large caliber
Higher suction power, using large caliber 35mm, larger air duct, smoother air flow, inhaled power is higher.

Engineering ABS material
Durable and undeformed, non-rust, anti-static

Extended diameter
14 m operating range, easy to cover any dead angle.

Super low noise design
The average use noise value is only 58db.
