

Powerless Manual Floor Sweeper PM750

Introduction

Dual Brush Powerless Manual Floor Sweeper PM750 is a product designed for block garbage collection. The machine adopts the unique spiral variable direction transmission technology design, two opposite rotation front brush and close to the ground flat shovel synchronous coordination, the ground surface block garbage will be easily collected into the dustbin, the whole cleaning process has no dust, no noise and get good clean effect.

Technical Data

Sweep Width	750mm
Max Work Efficiency	2350 m ² /h
Dustbin Volume	50L
Total Machine Weight	11.2KG
Dimensions	1000*750*830mm
Gross Weight	14.8KG
Packing Dimension (L*W*H)	820*770*330mm

Details

EVA Wheel

Made of EVA, wear-resistant and portable.

Large Dustbin

50L large dustbin, easily take out and simple operation.

Adjustable Front Brush

Can adjust the height of front brush different ground and rubbish.

Simple Structure

Adopt spiral variable direction structure to simplify according to mechanical structure, more flexible and durable.

Cleaning different rubbish

such as: packing bags, cigarette butts, particulate matter, leaves, pericarp, mineral water bottles, sand, sawdust and so on.
