Medium Ride On Floor Scrubber PA7

Features:

Medium Ride On Floor Scrubber PA7 is an agile and easy-operating auto floor scrubber. With a very small turning radius, this machine is very flexible and offers excellent maneuverability. It is suitable for large and medium area but can also perform very well in narrow area. The machine also features large tank capacity and is easy to fill with fresh water.

1. Soft start-up motor, the rotating speed rises evenly from 50 rpm to 180 rpm; this makes very low noise and protects the motor well.
2. Protecting device for suction motor; the level switch in the sewage tank automatically stops the scrubber once the sewage tank is full.
3. Double skid-proof drive wheels.
4. Intelligent control system.
5. Brush contact pressure is adjustable.

Special designed filling hole ensure easy opening and filling of fresh water.

The suction motor is placed in the suction system lined with sound-absorbing material. This makes the motor safer and sound level lower

The non-marking rear wheel is skid-proof which makes the machine running steadily during work.

The contact pressure of the brush is adjustable according to cleaning surface to get better cleaning result

Equipped with high-capacitance battery kit, the machine can work continuously over 4 hours.

The squeegee can swing easily to different direction. Anti-collision wheels are available.
