

Big Brush Powerless Manual Floor Sweeper PM950

Introduction

Big Brush Powerless Manual Floor Sweeper PM950 is the update of PM920. The machine mechanical strength is further improved and the operation is more convenient and efficient. It has the improved sealing structure and the new dust removal and exhaust device to effectively solve the problem of dust local overflow. The widened front brush and the improved main brush height further improve the cleaning efficiency of the whole machine, the cleaning range is further expanded, and the dust and small bulk waste can receive ideal cleaning effect.

Features

Equipped with exhaust filtration device, improved sealing structure, the operation is more flexible and convenient, and solve the problem of dust overflow in the dustbin.

Back wheel: Imported antiwear rubber. The whole machine is made of engineering plastic. The left and right shift is soft plastic, anti-oxidation, corrosion resistant, not easy to deform, strong and durable.

45L large garbage, large capacity, saving efficiency.
The widened front brush and the improved main brush height can improve the cleaning efficiency, expand the range of cleaning, and clean the dust and small block.

Adjustable hand holder, easy operate and comfortable, by adjusting the holder height and angle, less space, simple and comfortable cleaning.

Technical Data:

Sweep Width	950mm
Main Brush Width	500mm
Max Work Efficiency	3800m ² /h
Dustbin Volume	45L
Total Machine Weight	25KG
Dimensions	1280*970*930mm
Gross Weight	29KG
Packing Dimension (L*W*H)	880*800*390mm

Cleaning different rubbish

such as: packing bags, cigarette butts, particulate matter, leaves, pericarp, mineral water bottles, sand, sawdust and so on.
