Sweeping Width
2100mm

Clean Capacity
15000m²/h

Working Time
6 ~ 8 H

Dustbin Capacity
180L

Double Filters
6m² * 2

Optional Color

Orange

Grey

ITEM	Value
Sweeping Width	>2000mm
Cleaning Capacity	>15000m ² /h
Main Brush Length	800mm
Side Brush Diameter	500mm
Power Supply	48V150AH Maintenance free battery
Filter Area	6m ² *2
Working Time	6 ~ 8H
Dustbin Capacity	200 L
Water Tank	180 L
Max Driving Speed	9.9 Km/h
Working Speed	7.0Km/h
Climbing Capacity	25% (Slope Degree)
Dimensions (L/W/H)	2100*2000*2150mm
Net Weight	890Kg

Due to product upgrades, specific parameters may change slightly, for more specifications about this sweeping machine, please contact PIVOT Machinery.

Easy to control

Simple Control Panel
Easy to Operate with no
special training

Comfort to Drive

Safe and Comfortable
Driving Cab and Operating
Environment
Reverse buzzer
Flashing Light

180L Water Tank

180L Rotational moulding
water tank, support
long time water spray to
prevent dust

200L Dustbin

200L dustbin, minimizing dumping frequency & time.

Side-Broom

Side brooms anti-collision;

Water spray to prevent the secondary dusty particles pollution

East to Maintain

Quality Brand Batteries
48V150AH
Maintenance free batteries

Lithium batteries are optional
